/* Eigene Styles für die WRAP-Elemente */ .dokuwiki div.wrap_warning { background-color: #FDE693; border-radius: 0px; border-style: solid; border-width: 1px; border-color: gray; padding: 6px; margin: 0px; margin-bottom: 8px; overflow: hidden; font-family: Tahoma; font-size: 11px; } .dokuwiki div.wrap_error { background-color: #FF8080; border-radius: 0px; border-style: solid; border-width: 1px; border-color: gray; padding: 6px; margin: 0px; margin-bottom: 8px; overflow: hidden; font-family: Tahoma; font-size: 11px; } .dokuwiki div.wrap_warning p { margin: 0px; } .dokuwiki div.wrap_error p { margin: 0px; }
```

Warning and Error Messages in the Main Window

The following messages may be displayed in the main window when OnyxCeph³™ is started and during operation. If a message is displayed as an error message, the problem must be corrected before further use of the software.

Software Version Out-of-date

Updates are available.

Updates are available.

Solution: Update the software on the server as described in the wiki entry [Perform software update](#).

Licence Expiration

You may use OnyxCeph for another 10 days only.

Temporary License (OSL) Expired.

Solution: When an annual license expires or a temporary test activation is about to run out, please send a request for a [Request Renewal](#). An answer will be send to the email address provided typically on the same day.

Insufficient Memory

There is little memory available for some directories.

There is little memory available for some directories.

Solution: The message will show if there is not enough disk space on the server or client PC. Please try to expand the free space on the drive that is shown as problematic.

Operating System Out-of-date

Support for outdated operating systems will end in the near future.

Solution: The client or server PC is using an operating system version that does not meet the [System Requirements](#).

Graphic Driver Out-of-date

Your graphics card does not support a necessary feature:

- OpenGL Version: 3.1 (Old Version: 1.1)

Solution: [Update the graphics card driver](#). Make sure that the [system requirements for the graphics card](#) are met.
