

Easy 3D Model Export in Occlusion

Steps

- (1) Select the dataset to be exported in the thumbnail overview
- (2) Right-click to open the thumbnail context menu

- (3) Select Eintrag [Save].

- (4) Check/repair the data set with regard to network errors
- (5) *Optional*: Define and use section planes
- (6) Ensure that the alignment of the OK and the mandible is not changed in order to maintain occlusio
- (7) *Optional*: Label the maxilla and/or mandible
- (8) Export the dataset to a selected directory

(9) *Optional*: Open the export directory in the explorer\ after saving
